DOOR EXAMPLES SHOWN ABOVE ARE USING OUR DOOR BLANKS SHOWN ON PAGES 26 & 27

SOX Stainless Steel T-Bar Pull Handles

The function of any door is obvious, but what's often overlooked is the important role the design and styling of the front door plays in the overall aesthetic of a home. The front door is the one door that every homeowner touches, often multiple times, each day.

So why do we not put enough consideration into ensuring this integral element of our home gives off the best first impression? Not only does the panel need to be visually striking, whether that be manufactured from timber, uPVC, aluminium, or composite, but the vision is only complete with the correct choice of door hardware from the external door handle to the furniture accompanying it.

If you're manufacturing modern timber doors, pull handles are a very popular choice. View our range of Stainless Steel Pull Handles on the next page.

So why use External Door Blanks?

It's simple really... you'll save time and money!

With timber prices rising, the production of doors is becoming more and more expensive. By using one of our Aben-dør (Danish for open-door) door blanks, not only will you save on material costs you'll also save on production time and cost.

The great thing about using these particular door blanks, is not only is it more cost effective, you'll actually end up with a more stable and thermally efficient door than a solid timber door.

CONSTRUCTION

- 1.5mm Chen-Chen veneer
- 1.5mm cross grain veneer
- 1.5mm long grain veneer
- 0.3mm Aluminium - moisture barrier - stabilizer
- 1.5mm long grain veneer
- Insulation - Polystyrene/2 x 4mm plywood
- 1.5mm long grain veneer
- 0.3mm Aluminium - moisture barrier - stabilizer
- 1.5mm long grain veneer
- 1.5mm cross grain veneer
- 1.5mm Chen-Chen veneer

BENEFITS

- Exterior use
- 58mm Thick
- Secure By Design
- 6mm Veneer face (Chen Chen) which can be "V" Grooved
- 0.3mm Aluminium sheet front and back for stability and moisture barrier
- U Value of 1.28 w/m2K (58mm thick doors)
- Insulated core with 2x4mm plywood that adds strength and stability
- Stiles of 150mm Pine
- Rails 240 mm (top/bottom)
- Weight 48kg

We stock 935mm x 2150mm doors which can be cut down to 715mm x 1750mm

PROCESS

£408.98
+ DELIVERY COST*

*Door Blanks will need to be sent on a pallet with an additional delivery cost. Please ask for details. Save on delivery cost when buying multiple door blanks.

FOR FULL TECHNICAL DETAILS AND SPECIFICATION, PLEASE CONTACT OUR SALES TEAM.

“At JTP Joinery we’ve been using Aben-dør door blanks for over 3 years with great success. They are versatile, adaptable and most importantly stable and secure. The vast majority of our joinery is factory sprayed meaning we rely heavily on all materials taking a spray finish well, the Aben-dør door blank ticks all the boxes in this department. Overall a fantastic product at an affordable price.”
