

SOX 316

STAINLESS STEEL

NEW

SOX 316 Stainless Steel Door Furniture

**SASH + DOOR
HARDWARE**

Introducing our new range of **SOX 316** Door Furniture. The first products to be released in this range are the lever door handles and a euro cylinder pull. Each product is available in 5 finishes, including Satin Stainless Steel (SSS), and Lacquered PVD finishes in Antique Brass (AB), Dark Bronze (DB), Matt Black (MB), and Satin Brass (SB)

With Grade 4 corrosion resistance and finishes that match our **SOX Atom hinges** perfectly, it's a great option if you require 316 stainless steel door furniture, especially in coastal areas.

More products are to be released for this range in the near future. Eventually providing a fully suited set of 316 stainless steel door furniture to elegantly dress your doors.

Lacquered PVD Finish

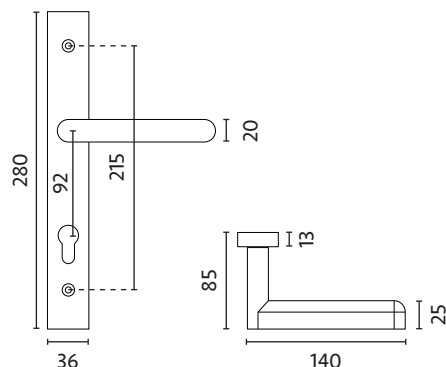

PVD

A lacquered PVD (Physical Vapor Deposition) finish combines the durability of PVD with the aesthetic of lacquer. PVD creates a durable, scratch-resistant coating on a metal surface, while lacquer adds a vibrant, colour and texture. This combination offers a robust, beautiful finish that resists scratching and corrosion.

SOX 316 Nexi Lever Handle

SOX Atom Hinges

The **SOX Atom** hinge is constructed from coated stainless steel for greater resistance to corrosion. A high-performance premium product that has been UKAS tested to Grade 13, 200,000 cycles. It's a three-knuckle hinge, which houses polymer bearings. The advantage of using polymer over the traditional ball bearings is any grease seepage should stop, unlike ball bearing hinges. Ball bearing hinges also have a steel ball bearing which can cause corrosion over time even on the highest grade stainless steel hinges.

- **Tested in a UKAS accredited Laboratory**
(Data available on request)
- **Radius or Square hinges available in all finishes**
- **Up to 120kg Doors**
- **102x76x3mm**
- **Great for use with Accoya**

**Compared to some competitor's prices, these hinges are often 2-3 times cheaper, with the same corrosion resistance results.*

Matching Internal handles in all styles and finishes also available...

With options of lever on rose, square and oval, all options are available to perfectly match your internal and external door furniture.

COMING SOON...

We'll be introducing new products to this range throughout the year including, Centre Door Knobs, Letter Plates, Door Knockers and Window Espag Handles, to form an extensive collection of suited 316 Stainless Steel furniture.
