ABOUT.

HAPPY.
HELPFUL.
HONEST.

Welcome to our new Sliding Sash Hardware & Weatherseals catalogue. The first of 9 separate catalogues for each category of product we sell. We may have changed how we produce our catalogues, but you'll still get the same great service you're used to.

We believe our customer service is what sets us apart from other suppliers in the industry. The vast majority of the products we sell are available from other suppliers. So why would you choose us for your timber window and door hardware needs? At SD Hardware, we believe in building lasting relationships with our customers, based on trust and confidence. So we guarantee you'll get helpful, honest (and technical when needed) advice on the products you need, along with a fair and competitive price. We are also happy to quote for larger projects and will be as competitive as possible in all cases.

REASONS TO BUY FROM US

- Great customer service
- Trusted, friendly and personable team
- Great products at fair prices
- Low standard pricing (No price breaks)
- Bulk discounts available on request
- Priced catalogue
- Order online at trade prices

If you're a joiner that manufactures timber windows and doors and hasn't used us before, we'd love to hear from you.
Why not give us a try?!

BETTER THAN THE REAL THING

This innovation from SDH with Qwood allows Joiners to be even more efficient in the assembly process due to the 'Clip-In' nature of this product.

This product is produced alongside the other Qwood beads, allowing for reduced labour time, little or no movement, and requiring only one topcoat.

The Qwood range of profiles, has become the leading timber composite beading product in the UK.

'Clip-In' Qwood benefits from the following;

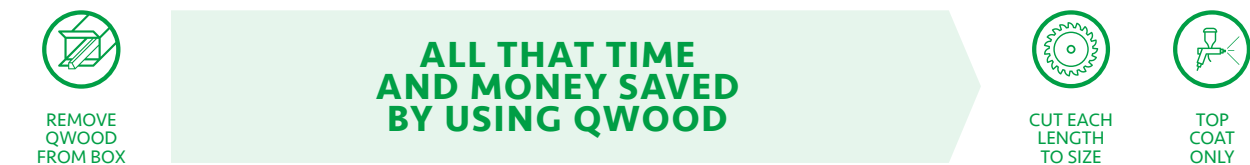

- 'CLIP-IN' PARTING & STAFF BEAD
- NO PINNING, FILLING, SMOOTHING OR, REPAINTING
- EASY REMOVAL OF SASHES
- SAME CLIP GROOVE FOR PARTING AND STAFF BEAD
- ONE TOP COAT FOR A FANTASTIC DURABLE FINISH
- NO END GRAIN SEALING

PROCESS FOR RUNNING TIMBER BEADS

QWOOD PROCESS

SDH CONTINUE TO INVEST IN **NEW QWOOD** PROFILES AND EXTEND OUR EXCLUSIVE RANGE

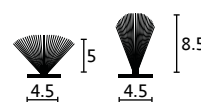

Why use Qwood?

- Used by joiners for over 10 years
- Over 10 million metres fitted
- Only FSC/PEFC certified product of its type, with 25% wood content
- More profiles than any other system on the market
- 7 of the top 10 UK joineries use it
- Does not rot
- Consistently straight
- No sanding or pre paint preparation
- No pinning on clip bead profiles
- Minimal Expansion or Contraction

Qwood is the **ONLY** composite beading product available on the market that is **FSC certified**

Please Note: Section drawings are just examples and not a specification.

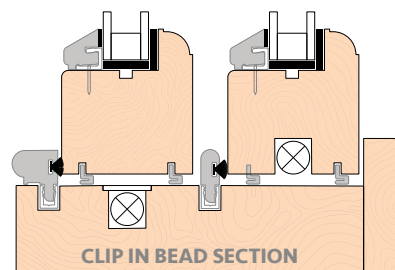

Slide Pile

PS6 £14.04 Per 100m
PS7 £22.51 Per 100m

'T' Slot

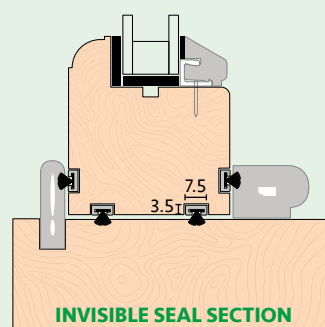

PS60 80p Per metre

7mm Parting Bead	8mm Parting Bead	20x15mm Staff Bead	25x15mm Staff Bead	8mm Parting Bead	20x15mm Staff Bead	8x10mm Staff & Parting Bead Clip
£6.10	£6.08	£7.38	£9.60	£7.10	£9.17	£3.24

STAFF & PARTING BEADS (NO IMPLY)

8x25mm Parting Bead	20x15mm Staff Bead	7mm Parting Bead
£5.90	£7.49	£7.10

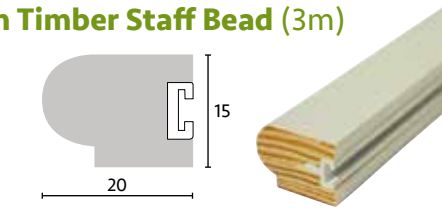

It's increasingly popular for Joiners to manufacture sash windows with the brush pile fitted to the sash rather than the staff and parting beads. This creates a much cleaner and more traditional look, by hiding the brush pile from sight.

ALL PRICES PER 3M LENGTH

ERA

Spiral Balances

Spiral Balance windows are the modern version of a traditional double-hung timber sliding sash window. The double-glazed sashes slide by means of modern pre-tensioned springs instead of pulleys and weights. Traditional sash windows have a reputation for rattling, jamming, and draughts that affect their installation and operation. Spiral balances can help eliminate these problems and make the window more efficient and easier to operate.

FEATURES

- Easily adjustable (using a flexible screwdriver)
- Stainless steel springs
- Tested to over 25,000 cycles
- White tubes as standard but can come in following colours: Cream, Brown, Tan, Black and Grey.
- Mechanical guarantee
- Weight range from 5lbs -110lbs

FULL FITTING INSTRUCTIONS AVAILABLE

SDH highly recommend using pretension balances; not only do these come with a lifetime homeowner guarantee, they are so much easier for the end-user to operate. For that little bit extra in cost you get a far better product and a more efficient window.

Joinery by: Stanbrook & Nicholson

WHY USE THESE BALANCES?

- Manufactured in the UK
- A brand you can trust with over 40 years of supplying balances
- Very quick turnaround from order to delivery
- They have been used on a test to achieve PAS 24 security test

SECURITY & RESTRICTORS

These range of restrictors allow your sash window to be vented but not compromised on security. The restrictor element allows the sashes to be open only to a predetermined opening that will prevent the risk of children and the infirm from falling out of an open window
