## Securefold Pro

The ultimate exterior Bi-fold door hardware system for doors weighing up to 100kg and 150kg.

Securefold offers the very best in exterior Bi-fold door hardware to help you securely open up an interior space to the outside world. The system has been designed for top-hung, exterior wooden or aluminium doors weighing up to 100kg and 150kg. The Bi-fold door system operates with effortless ease and combines all the aesthetic benefits of folding wooden doors with the additional advantages of uncompromising security and durability.

- Available in three different hinge options - mortice, mortice squared or non-mortice
- Manufactured from marine Grade 316 Stainless Steel making the system extremely corrosion resistant
- Caters for up to 6 doors folding to one side
- Available in Satin, Gold, Chrome and Black
- Securefold 100 features R-Loc – a clever ratchet system that enables installers to easily raise or lower a door
- Available with Twinbolt - a locking system which provides two points of locking using top and bottom throw rods
- PAS24 so can be used for Part Q applications
