

Yorkshire Slide 25

Yorkshire Slide 25 is our new offer for lightweight single sliding panels upto 25kg in weight. Available as either a single panel or double panel bi-passing kit.

Kits include 1800mm track and channels, guides and rollers, of which have very smooth bearings. Kits can also be used as light duty room divides / hatches.

If using on windows, we recommend the Excalibur Flush Window System.

**Can be used with Excalibur Shootbolt System
and Pocketed Keeps**
